

Engineering Student in Water & Environmental Management

Engineering student at ENSEEIHT specializing in water and environmental management, with strong analytical skills in data analysis and a keen interest in sustainable water management, climate policy, and environmental governance in an international context.

LANGUAGES

- French - Native Language
- English - C1 Level
- German - A2 Level
- Chinese - Beginner

TECHNICAL SKILLS

- Microsoft Office (Excel, Word, PowerPoint – advanced use)
- ANSYS Fluent (basic CFD simulations)
- OpenFOAM (basic open channel flow modeling)
- HEC-RAS (basic river flood simulations)
- Python (data analysis, numerical modeling)
- Fortran 90 (basic scientific computing)

BASTIEN BERNARDI

EDUCATION

ENSEEIHT, Toulouse, France

- Water and Environmental Engineering

Sept 2024 - Present

Lycée Champollion, Grenoble, France

- Preparatory Classes for Engineering Schools (Mathematics & Physics)

Sept 2022 - August 2024

Lycée Pablo Neruda, Saint-Martin-d'Hères, France

- High School Diploma (Baccalauréat), majoring in Mathematics and Physics-Chemistry, with high honors

June 2022

- Goethe Institut Zertifikat Deutsch (A2 level)

January 2020

PROJECTS

Climate Data Analysis Project (Python)

- Analyzed climate datasets related to major climate phenomena (e.g. El Niño)
- Data visualization and analysis using Python libraries (pandas, matplotlib)
- Identified patterns in climate variability

Debris Flow Impact Study

- Analyzed the impact of debris flows on natural environments and infrastructure
- Developed numerical simulations using OpenFOAM to model fluid and sediment dynamics
- Conducted experimental tests to validate simulation results and assess model accuracy
- Assessed environmental risks linked to debris flows

EXPERIENCES

Incoming Intern - IMFT, Toulouse

- Selected for a summer internship following a spontaneous application
- Expected to work on numerical modeling of hydraulic jumps

June 2026 - July 2026

Intern - SPHYNX Corp, Toulouse

- Managed customer experience and operations in a fast-paced environment
- Developed problem-solving and teamwork skills

June 2025 - July 2025

Vice President - Toulouse INP Student Association

- Coordinated student initiatives and projects
- Led team organization and decision-making processes

May 2025 - Present

Treasurer - Student Association (BDP Champo)

- Managed budget and financial planning
- Organized student events and logistics

June 2023 - June 2024

INTERESTS

Theater (performance and public speaking)

Ultimate frisbee (teamwork and competition)

Model United Nations (interest in international relations and policy)
